

1-day Hackathon @UNIPD

23-09-2021 – LIVE!

Organized by AI & Society working group

Prof. Samir Suweis (DFA), Prof. Andrea Pin (DiPIC), Prof. Lamberto Ballan (DM)

**ALL STUDENTS (ALSO PHD) REGULARLY ENROLLED AT THE UNIVERSITY OF PADOVA
CAN ATTEND**

25 PLACES AVAILABLE - [REGISTRATION MANDATORY](#) Google form

Work in a team!

Students will **work in groups to solve real problems launched by the companies involved in challenge**

Learn a method!

The groups will be guided by **the AzzurroDigitale team** through 3 phases of the **Design Thinking method**, named **inspiration, ideation and implementation**

Develop your soft skills!

Students will use soft skills such as teamwork, lateral thinking, active listening, idea generation and proactivity. Moreover, the **hard skills learnt in the different academic paths will be useful** to contribute to the teams' success.

We will **give priority based on the registration date** through the **google form (link above)**. Students that attended the course on Innovation and Design Thinking will be considered first.
